Dear Colleagues and Friends,

We are pleased to invite you to participate in the 1-st Georgian-Israeli Conference on Obstetrics and Gynecology to be held in [October 11 - 15, 2019 at The Biltmore Hotel Tbilisi, Georgia](#).

Infertility, Maternal Fetal Medicine, Genetics and Epigenetics, Gynecological Endoscopy, Female Pelvic Medicine, Sexual health and contraceptive technology are in the process of rapid growth undergoing constant innovative and evolutionary changes. To accelerate research initiatives and optimize patient care strategies, it is of at most importance to enhance the flow of information and ideas among the deeply committed researchers and clinicians involved in this area.

Through oral and poster presentations, this Conference will provide a medium for the rapid communication of advances and new knowledge in all areas of reproductive care, gynecology and contraception.

Parallel to scientific sessions, a commercial exhibition of the major pharmaceutical companies including the latest laboratory and clinical equipment, assays, drugs, books and other material will be held at the Meeting Venue.

For your enjoyment, we offer you **4 daily tours** where you can get to know the landscapes, Culinary food and Georgian folklore.

Tbilisi Tour for all participants **and 3 additional trips to choose** from.

Tbilisi, beautiful & miraculous, has a European character incredibly mixed together with unforgettable features of old Georgian city, keeps traces of all major events of Georgian history & leaves no one indifferent. The most striking aspect of Tbilisi today is its self-assured revival of its own traditions. Tbilisi is once more assuming its position as the capital & mother city of the ancient state of Georgia. It is a city in which one comes face to face with all that is finest & all that is most frustrating in Georgia

We look forward to having you join us in Georgia for an exciting and stimulating Conference, both scientifically and socially, in the welcoming atmosphere of our Conference.

Yours sincerely,
